

SHE WAS REFUSED.

Mrs. Duhme Made a Tearful Request to Be Allowed to See Moses Fowler Chase.

HE IS GUARDED IN THE HOSPITAL.

At the Hotel Young Chase Rambled Through the English Language in His Demented Way.

The Duhmes Will Continue to Live in the Chase Home Until After the Case Has Been Definitely Settled.

Lafayette, Ind., April 18.—During his stay at the hospital young Moses Fowler Chase will be in charge of John Hawso, who was his nurse and guardian at the sanitarium in Michigan four years ago. The two French attendants will remain here until after the trial. They will be needed to give testimony. Paul Paquet, the attaché of Consul General Gowdy's office, left for New York Friday. He will return to be present at the trial.

Mrs. Duhme made a tearful request to be allowed to see her nephew Friday. She was positively refused. The attorneys for Mr. Chase, the father, are acting on his instructions when they refuse to let any friends of the Duhmes or their attorneys see Moses Fowler Chase.

At the hotel Friday morning the young man seemed brighter than usual. He was rambling through the English language in his demented way when the following was caught:

"Charlie—Charlie Duhme? I know him. He worked 102 years to become consul general of France. I did not insult the king of France and had nothing to do with it—but he is a—any way."

This is the second time since his arrival in this country that he has spoken two sentences coherently.

Attorney Wilby, of Cincinnati, arrived Friday to consult with Kumler and Gaylord and Haywood and Burnett, the attorneys for the Duhmes. A meeting was held in Kumler and Gaylord's office and the consultation lasted all afternoon. It was rumored that the Chase attorneys would file suit for possession of Moses Fowler Chase's South street home, which is now in possession of the Duhmes. However, the moving of the boy to the hospital sets this rumor apparently at naught. The Duhmes will continue to live in the Chase home until after the case has been definitely settled.

The estimated value is from \$3,000,000 to \$4,000,000. The principal provisions of the document relate to the founding and maintaining of the Amherst S. Wilder charity, thus supplementing the disposition of Mr. Wilder and the daughter, Mrs. Appleby.

TOBACCO GROWERS.

State Organizer Hawkins Will be Here Next Tuesday and Wants to Meet the Farmers.

LEXINGTON, KY., April 15, 1903. Editor Maysville Bulletin—Dear Sir: I go by invitation to Vanceburg, Ky., April 20th, and would be glad to talk to as many of the Mason County farmers as I can get together at 1 p. m. on the 21st. Will you be kind enough to give me notice in your paper and help me to get an audience. I enclose clipping from to-day's Democrat. Yours truly, M. B. HAWKINS.

Are you satisfied with present price? If you are, don't read any further, for the only purpose the writer has is to get more money for our tobacco. Are you willing to go on without trying to get these better prices when it is so easy? We come to you with a contract for you to sign and we agree to buy your tobacco for a period of five years and we further agree to pay you 50 per cent. more for your tobacco than the trust is paying today and unless we succeed in our undertaking you will always be at the mercy of this soulless thing "the trust." Do you raise one acre of tobacco? Did you get 6 cents per pound? Did you make 1,500 pounds? Did it cost one-half to raise and sell? Did the tenant have any thing left when his grocery bill was paid? Has the tenant any money to go on and raise another crop? If he broke even it is well with him. But now look on this picture, 6 cents tobacco increased to 9 cents is 50 per cent. increase; this gives 3 cents per pound more for his 1,500 pounds or \$45 on each acre. If the tenant grows ten acres and his increase only because of the Burley Association is \$450. This on the contract of five years gives an increase to landlords and tenants of \$2,500,000. Is this worth working for? Co-operation of both landowner and tenant under our contract will accomplish just this. Sign the contract and give us your help. Come to the Lexington meeting April 30th at court house at 1 p. m. Come to the Maysville meeting next Tuesday at 1 p. m. at court house.

TELEPHONE EXTENSION.

The Mason County Mutual May Have a Line to Bernard and Orangeburg Shortly.

The proposed route is to Bernard, thence to Taylor's Mill and up the North Fork valley to Orangeburg.

This company has been distributing poles this week for a line also to Germantown.

Youtsey Tells Why Dynamite Wasn't Used. [Extract from Youtsey's cross examination at Howard's trial.]

I left Johnson in the front room or outside, and went in and told Culton that Johnson wanted to have a talk with him, and he went in, but I don't remember what it was. I called Johnson out, but I put my foot down on the nitroglycerin question.

Q. You did not want to kill him by nitroglycerin?

A. No, sir.

Q. You thought the rifle was best?

A. I had my reasons for stating that I was against nitroglycerin. I had heard that Senator Goebel occupied a room next to Senator Cox at the hotel, and Mrs. Cox is a relative of the Frenches, my wife's people, and I did not want any harm to come to them under any circumstances. I believe any plan like that would mislead and hurt somebody else.

William A. Wood has sold to Ernest Doyle ninety acres on Johnson Creek for \$2,300.

Mr. Harris Cooper, while out cycling Friday, was painfully injured by the breaking of his wheel.

Wm. Chard has conveyed to the People's Building Association a house and lot on West Second street.

Robert Stevenson and wife have sold to Lillie Walker and Henry Walker thirty acres near Murphysville for \$450.

No new cases of smallpox have been reported since last Tuesday. Most of the cases now in the city are convalescent, and the prospect is that Maysville will be rid of the disease in the next week or so. Mr. Renben Duncan, who has been in quarantine at the St. Charles Hotel, has entirely recovered, and the hotel was disinfected Friday.

CASTRO'S TROOPS.

Revolutionists Say They Were Completely Routed in the Neighborhood of Coro.

MANY PRISONERS WERE CAPTURED

Further Assert That a Quantity of Arms, Ammunition and Baggage Was Taken by Their Forces.

All the Western Part of Venezuela, Except Maracabo, It Is Claimed, Is Occupied By Revolutionary Troops Under Reira.

Willemstad, Island of Curacao, Thursday, April 9.—Advices received from revolutionary sources in Venezuela say the government forces have been completely routed in the neighborhood of Coro by the revolutionists under Gen. Reira who, it is further asserted, captured many prisoners and a quantity of arms, ammunition and baggage. The revolutionists, the advices also say, are now occupying the port of La Vela de Coro.

The steamer Merida arrived yesterday with the former employees of the Venezuelan government at La Vela de Coro on board.

All the western part of Venezuela, except Maracabo, the revolutionists claim, is occupied by revolutionary forces and they allege that the revolution is strong in the vicinity of Caracas. President Castro is reported by the revolutionists to be suffering from lack of troops.

The revolutionists deny that the Venezuelan government forces recently captured revolutionary supplies of ammunition at Rio Chico and assert that squads of the Venezuelan troops at Coro went over to the revolutionists.

THE SIGNED PROTOCOLS.

The Government of Venezuela Is Carrying Out Its Provisions.

Caracas, April 18.—Venezuela, carrying out the provisions of the protocols signed by Minister Bowen with the allies, has met the payment due to Germany on March 15. Thirty per cent. of the customs was delivered to Caracas branch of the Bank of England Friday, and the payment due to Italy on April 15 is ready. This is in spite of the fact that all the Venezuelan merchant vessels have not yet been returned, and those that have been returned had no cargo aboard.

CAPTURED BY INDIANS.

Mexico City, April 18.—The seven British sailors who deserted from the ship Amphion and entered on a course of piracy which was quickly ended are now said to be in the wilds of Southern Yucatan where they have been captured by hostile Maya Indians. They fled from Belize, British Honduras, to Yucatan, fearing being caught and hanged for piracy. There is much speculation as to their probable fate.

Irvine, Ky., April 18.—Bert Rogers obtained a marriage license at Stanton, Powell county, to marry Miss Sudie Hatton, aged 15, representing to the clerk that she was a widow. Rogers, in company of H. R. Watson, Luther Snowden, B. H. Hatton and others, proceeded to the home of the young lady and attempted to perfect the elopement. B. F. Hatton, father of Miss Sudie, with his son, warned the party to come no nearer. The warning was unheeded, and fire was opened by both sides. Rogers, Snowden, B. H. Hatton and Watson were wounded. The father and son escaped unhurt. Warrants have been sworn out by both sides, and there is great excitement. Further trouble is feared. It is not believed any of the wounded men will die.

ASYLUM PATIENTS.

Testify That They Were Badly Treated By Attendants.

Louisville, Ky., April 18.—The special committee of the Lakeland asylum visited that institution again Friday and began to take testimony in the white female wards. One patient testified that Mrs. Koyes and Miss Smiley, two attendants, grabbed her by the feet, pulled her from a bench and dragged her into a strong room, where she remained without attention from Saturday until Thursday. The statement was corroborated by other patients. The witness says her only offense was that she washed the blood from the face of another patient.

Other witnesses told stories of cruelty, and the committee inspected the strong rooms. The committee will not finish its labors for several days.

DEFIANCE OF HEALTH BOARD.

Armed Guards Patrol the Roads Near Mt. Olivet.

Mt. Olivet, Ky., April 18.—Maysville is suffering from an epidemic of smallpox. Many deaths have been reported there since its inception a few weeks ago. Mt. Olivet has quarantined against Maysville, but the state board of health refuses to permit the quarantine to stand until satisfactory evidence is furnished that every man, woman and child in Mt. Olivet has been vaccinated.

The people are condemning the action of the state board, and say that the action of the local board must be upheld, even if it takes the shotgun to enforce it. Armed guards have been placed on the road leading to Maysville, and serious trouble may follow.

CUP CHALLENGER.

A Gust of Wind Dismasted the Shamrock III and Left Her a Helpless Wreck.

ONE OF THE CREW WAS KILLED.

Sir Thomas Lipton Received a Severe Shaking Up and Had a Hand Smashed by Falling Mast.

The Accident Will Cause a Delay of a Month or Probably More in the Challenger's Sailing For the United States.

Weymouth, April 18.—Misfortune which seems to have pursued Shamrock III, culminated Friday in a gust of wind which dismasted the yacht and left the challenger a helpless wreck in Portland harbor. The accident will cause a delay of a month, and probably more in the challenger's sailing for America, but Sir Thomas Lipton said to a press correspondent Friday night that the accident would not be allowed to interfere with the yacht's reaching New York in time for the cup races. "My injuries," added Sir Thomas, "are painful. I was severely shaken up by the fall and have a smashed hand, but everything is insignificant compared with the loss of poor Collier, a brother-in-law of Capt. Wringe, who was killed in the accident. Collier has been continuously in my service since the time of the first Shamrock. You can rebuild a yacht but you can't replace a man."

The loss of the seaman, Collier, cast a gloom over those on board Sir Thomas Lipton's steam yacht Erin, but the sentiment of the crew was unanimous in expressing relief that it was not "the governor."

Sir Thomas Lipton is the recipient of over 200 telegrams of sympathy. King Edward wired his regret at the injury to Sir Thomas Lipton and his grief at the loss of life. Messages were also received from the prince of Wales, Baron Knollys, C. Oliver Iselin, Lewis Case Ledyard, Clement A. Griscom, Commodore Bourne, Commodore Adams, Countess of Shaftesbury, who christened the Shamrock III, the American society in London and many others.

The prince of Wales telegraphed from Sandringham that he was distressed by the news and hoped that the injured were doing well. The king sent a message of sympathy to Collier's family.

The story of the disaster shows that when the boats started in the morning there was nothing to scare the most cautious skipper. Club topsails were accordingly set on both yachts. The challenger looked fit to race for a man's life. Outside the breeze was steady while beating in shore it was more squally, but the challenger carried it handsomely. When making a tack on the port a hard squall struck the boat: Capt. Wringe gave it a few spokes of the wheel to luff but, finding it stood the wind well, he paid off and raced the yacht at a pace it never before had attained. The Shamrock III, went half a mile at this record pace and then hove about to come to the starting line on the starboard. A lighter squall took it as it paid off. The boat filled, gathered way and shot forward. The catastrophe was so sudden that it was over before those aboard realized that there was the slightest danger. Spectators whose eyes had been momentarily turned away looked again to find instead of the queenly racer, a helpless wreck. The mast snapped off. It fell clear or there might have been a heavy loss of life.

It is surmised that Collier was crossing the deck at the time and lost his balance with the lurch of the boat.

J. M. COLLINS, Trustee Collins & Rudy Lumber Co.

An article in a recent issue of a Columbus (Ind.) paper from the pen of Mrs. Lillian Tarlton, wife of Hon. J. D. Cox, of Columbus, describes the charming watering places of Florida, where the wealth and fashion of the great cities go to escape the blasts of winter and early

spring. She met at Dayton a former Maysville lady, a friend of Mrs. Fanny Raine, Mrs. Julia Stewart, and sister of Judge Hutchins. Mrs. Stewart has a handsome home, with beautiful grounds, on the Penninsular, between the Halican river and the ocean.

It is Surprising the Amount of Business We Did in the Past Six Weeks,

Considering the embargo put on Maysville's business during that time. Our sales, however, compared with last year's corresponding time show such a decrease that it will require heroic treatment to restore our 1903 spring business to its normal volume.

It is not now a question of ordinary legitimate profit, it is simply a question of doing four months business in two months.

Convince yourself by looking in our East Window and see the Suits we have marked down to \$15. Not a Suit in the lot that under ordinary circumstances would have sold for less than \$18 and \$20.

In same proportion every Suit in the house is reduced. In Children's and Boys' Suits the same conditions will prevail.

Our Shirt stock is at its best. The Manhattan and Faultless, the two best brands in the country (confined to us) will please you.

A Satisfactory Shoe Store

A busy one—because it deserves to be busy. Language has its limitation, which may account for lovers giving it up and merely holding hands. It isn't easy to make the plain facts of our Shoe business stand out without seeming to "knock" at other shoe business. Yet, why should we? Maysville was shoe happy even before this store started. We had to do better things, else no shoe business could have been won. We did, and to-day for COMFORT, WEAR AND STYLE we have the most satisfactory SHOE STORE in Maysville. We guarantee every PAIR and take much pleasure in fitting you, and you know "It is a feat to fit the feet."

It Won't Cost You a Cent to Learn the Truth—The City Courts the Full-est Investigation.

Listen!

This article is written in the spirit of justice and fairness to all. Surely no one in Mason County or in an adjoining county will doubt there being some good people in the city of Maysville; some minister, doctor, lawyer, merchant or some one in some other profession or occupation who will not stoop to do that which is harmful to his fellow man. This statement admitted to be true, we desire to call attention to the fact that grossly exaggerated reports have gone out from our city with reference to the inhuman treatment of persons afflicted with smallpox, also with reference to number of cases.

As stated to the very gentlemanly delegation of health officers who came to our city recently from our neighboring county of Nicholas, we do not want to thrust ourselves upon your mercy, but we do ask a fair and an impartial investigation of the situation in our city.

The health officers of Fleming County also came here and made a thorough investigation of the conditions prevailing at that time. In a very gentlemanly and, we think, a very fair statement of the case, they have placed our citizenship in a very different light from what it was held before their investigation.

In all fairness, fellow Kentuckians and citizens of our adjoining State, may we not ask that wherever alarm is prevalent with reference to conditions in this city, that you send a representative here at our expense for the purpose of making a thorough canvas of the situation, and we are willing to abide by the report of any reputable citizen or physician.

Certainly there are physicians in all the communities contiguous to this place who will be willing to do this act of justice to the citizens of Maysville. Respectfully,
JOHN DULEY.

Dr. C. H. Wallin, of Brooksville, President of the Bracken County Board of Health, visited Maysville Friday, and after an investigation of affairs here was asked by the BULLETIN for a statement. He replied, "I found some ten or twelve cases of smallpox, all but three or four of a mild character. All the cases are quarantined, and the authorities have the matter well in hand. I apprehend no further danger."

It's the painting part we're most interested in. Perhaps it's the house you're going to paint, the barn or some article of furniture. It may be the family carriage, buggy, wagon or farm implement. It really makes no difference what it is, if it's anything paintable we bid for your trade with THE VERY BEST article that's made—the U. S. READY-MIXED. We know that other dealers make the same claim for really inferior grades, and some manufacturers extravagantly shout the merits of their product when there is really no comparison between these mixtures and the high-grade Paints made by the United States Paint Company, whose agents we are in this locality and whose goods we are permitted to guarantee. One important point that should not be overlooked is the fact that you pay no more for quality when you buy the U. S. Paint than you are asked for the cheaply-made stuff. Local testimonials furnished on request, and color cards, showing a large variety of beautiful shades, yours for the asking.

IMPORTANT ANNOUNCEMENT OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.

Over 2000 cu. ft. of Gas and under 3000 cu. ft. \$1.25 per 1000.

3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered that on and after the first day of April, 1903, the above sliding scale of price of gas for all purposes, fuel and illuminating, should go into effect for all private consumers, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the old rule of the company "gas will be turned off if account is not paid with five days after presentation" shall be enforced, impartially and indiscriminately, regardless of whom it may concern. (This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers were not perfectly good at any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the company's agents and employees, now so largely occupied with this work of collecting, might for the balance of the month be diverted toward giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid, gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made by and shown in the catalogue of the Detroit Stove Works, Detroit, Mich., which price will be an equivalent to 50 per cent. discount from the list prices in said catalogue, and these stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby cash payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$35, the gas company will sell this range to consumer for \$13 cash or for \$2.80 cash at signing of lease and 60 cents a month for seventeen months, at the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas. The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Weisbach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous treatment accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers, the above concession in the price of gas is now announced.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully, MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company will have on exhibition at the plumbing establishment of Mr. Larry Langfels on Market street, samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the gas company, with Mr. Langfels or your regular plumber, with whom you will have to make arrangements for the connecting and fitting up of range in case of the placing of order.
